## THE CLEY INS EMPEROR'S CUP.

New English Schooner Beats  
Vol Au Vent, the French-  
man, in Race from Dover to  
Heligoland.

ISLAND OF HELIGOLAND, Ger-  
many, June 23.—The English schooner  
yacht Cley, owned by Cecil Quen-  
tin, which left Dover at noon June  
21 in the race to this port, arrived at  
6.40 this evening and won the Em-  
peror's cup.

Vol au Vent, the second yacht to  
reach here, arrived at 7.09 P. M.

## GIANTS PLAY BROOKLYNS.

(Continued from First Page.)

out went the New Yorkers for fifteen  
minutes' work on the diamond.

Batting Order the Same.

Not a change was found in their bat-  
ting order. It was the same as that of  
Friday, except the pitchers. Johnny  
Dunn still was doing duty where Hen-  
dricks held sway for a couple of days.  
That was peculiar, but then Manager  
Smith was right when he said he would  
break up a winning combination if he  
changed the men.

Loose muscled? Well, in practice every  
Giant looked a live man. They whipped  
the ball blither and blither in great  
shape and made Hanlon think that the  
Superbas were not going to have an  
easy time. Luther Taylor gave his  
salary arm some work. He looked fit,  
and said he was. All kinds of shots  
known to the baseball world he seemed  
to control, and if he could but duplicate  
these in the game he certainly did look  
mighty bad for the Goveas contingent.

The Hanlonites held their practice, and  
every Brooklyn fan knows how good  
that always is. It seldom varies. A  
decision on the result could not be as-  
certained by the work of both teams.  
Ned Hanlon was quite a happy man  
this afternoon, and all because the team  
of suspension placed on his great  
twirler, Frank Kinnison, was lifted. Sus-  
pension does not deprive a player of  
practice work, and in that Frank has  
indulged daily. He looked a winner,  
and after his rest Hanlon thought him  
just the fellow to lead the men from  
Goeham, and into the box he went.

First Inning.

Brodie dropped the ball back of Flood  
for a base and moved up one on Dunn's  
service, which was handled. Dunn  
sacrificed. Jones swung at three balls  
over his head and was out. Launder's  
bounced to Irwin was his first at first.  
No runs.

Second Inning.

Irwin did not have to move to take  
Bowerman's puny fly. Four balls, were  
the plate. Irwin batted. George  
reached second and O'Hagan hit  
first when Dolan failed to nod the fac-  
tured fly. Launder's ball hit the bat in  
three swings at it. Neither could lay-  
lo. No runs.

Smith of O'Hagan was the way Mc-  
Creery retired. Dolan's bouncer went  
into Launder's hand, but he let it get  
away from him. He batted. Irwin hit  
first. Smith got a big hand when he  
grabbed Irwin's grounder, touched out  
Dolan, who was on his way to second,  
and then threw to first in time to retire  
Irwin. No runs.

Third Inning.

Flood rolled the ball to McCreery and  
he did not hit. He batted. Irwin hit  
first. Smith got a big hand when he  
grabbed Irwin's grounder, touched out  
Dolan, who was on his way to second,  
and then threw to first in time to retire  
Irwin. No runs.

Fourth Inning.

Flood just had to toss Launder's  
grounder to first to retire the Giant.  
Bowerman swung and continued a foul fly  
to Irwin. Smith's foul fly landed in  
Ahearn's rap. Bounced away from Lau-  
nder and hit the glove as a single. Flood's  
knock was real. He batted. Irwin hit  
first. Smith got a big hand when he  
grabbed Irwin's grounder, touched out  
Dolan, who was on his way to second,  
and then threw to first in time to retire  
Irwin. No runs.

Fifth Inning.

O'Hagan's fly was taken by Flood.  
Hean fanned again. Hendricks batted  
for Taylor. He popped a fly to Flood.  
No runs.

Sixth Inning.

Bissett took Taylor's place in the box.  
Brodie got Dolan's fly after some diffi-  
culty. Launder's fly landed in Ahearn's  
rap. Bounced away from Launder and  
hit the glove as a single. Flood's  
knock was real. He batted. Irwin hit  
first. Smith got a big hand when he  
grabbed Irwin's grounder, touched out  
Dolan, who was on his way to second,  
and then threw to first in time to retire  
Irwin. No runs.

Seventh Inning.

Sheppard was on the spot when Bro-  
die's fly came. Jones's fly was Dolan's  
son. It fell. Launder's fly landed in  
Ahearn's rap. Bounced away from Lau-  
nder and hit the glove as a single. Flood's  
knock was real. He batted. Irwin hit  
first. Smith got a big hand when he  
grabbed Irwin's grounder, touched out  
Dolan, who was on his way to second,  
and then threw to first in time to retire  
Irwin. No runs.

Eighth Inning.

Sheppard was on the spot when Bro-  
die's fly came. Jones's fly was Dolan's  
son. It fell. Launder's fly landed in  
Ahearn's rap. Bounced away from Lau-  
nder and hit the glove as a single. Flood's  
knock was real. He batted. Irwin hit  
first. Smith got a big hand when he  
grabbed Irwin's grounder, touched out  
Dolan, who was on his way to second,  
and then threw to first in time to retire  
Irwin. No runs.

Ninth Inning.

Sheppard was on the spot when Bro-  
die's fly came. Jones's fly was Dolan's  
son. It fell. Launder's fly landed in  
Ahearn's rap. Bounced away from Lau-  
nder and hit the glove as a single. Flood's  
knock was real. He batted. Irwin hit  
first. Smith got a big hand when he  
grabbed Irwin's grounder, touched out  
Dolan, who was on his way to second,  
and then threw to first in time to retire  
Irwin. No runs.

Tenth Inning.

Sheppard was on the spot when Bro-  
die's fly came. Jones's fly was Dolan's  
son. It fell. Launder's fly landed in  
Ahearn's rap. Bounced away from Lau-  
nder and hit the glove as a single. Flood's  
knock was real. He batted. Irwin hit  
first. Smith got a big hand when he  
grabbed Irwin's grounder, touched out  
Dolan, who was on his way to second,  
and then threw to first in time to retire  
Irwin. No runs.

Eleventh Inning.

Sheppard was on the spot when Bro-  
die's fly came. Jones's fly was Dolan's  
son. It fell. Launder's fly landed in  
Ahearn's rap. Bounced away from Lau-  
nder and hit the glove as a single. Flood's  
knock was real. He batted. Irwin hit  
first. Smith got a big hand when he  
grabbed Irwin's grounder, touched out  
Dolan, who was on his way to second,  
and then threw to first in time to retire  
Irwin. No runs.

Twelfth Inning.

Sheppard was on the spot when Bro-  
die's fly came. Jones's fly was Dolan's  
son. It fell. Launder's fly landed in  
Ahearn's rap. Bounced away from Lau-  
nder and hit the glove as a single. Flood's  
knock was real. He batted. Irwin hit  
first. Smith got a big hand when he  
grabbed Irwin's grounder, touched out  
Dolan, who was on his way to second,  
and then threw to first in time to retire  
Irwin. No runs.

Thirteenth Inning.

Sheppard was on the spot when Bro-  
die's fly came. Jones's fly was Dolan's  
son. It fell. Launder's fly landed in  
Ahearn's rap. Bounced away from Lau-  
nder and hit the glove as a single. Flood's  
knock was real. He batted. Irwin hit  
first. Smith got a big hand when he  
grabbed Irwin's grounder, touched out  
Dolan, who was on his way to second,  
and then threw to first in time to retire  
Irwin. No runs.

## HARVARD CREWS PUT ON THE FINISHING TOUCHES.

'Varsity's Form Still Criticised Severely—  
Freshmen and Four Are Ready.

HARVARD, QUARTERS. GALE  
FERRY, June 23.—The Harvard  
'Varsity crew entered to-day upon the  
last three days of practice before the  
race. All time rowing was finished  
Saturday, and the work from now on  
will be of light description.

Racing starts were tried and there  
were several quarter-mile sprints. The  
crew was not coached. Mr. Hinchinson  
deeming it best to let the men work  
themselves out. To-night, however, he will follow  
them in the launch. From the float the  
crew seemed to have too short a reach,  
due perhaps to stiffness resulting from  
the long rest after the time row of Sat-  
urday, but it is believed this defect can  
be easily remedied.

Good work was done by the four-oar,  
coached by Blake, in varying the stroke  
and getting a better reach.

The freshmen eight rowed a half mile  
up stream in 2:16, the stroke being at  
32. There was a strong head wind and  
but little favoring tide, the showing  
under these conditions being about fair.

Every man at Red Top is in good con-  
dition, the 'Varsity crew weighing  
about the same as they did two weeks  
ago, when they arrived here. This is due  
in part probably to the cool weather  
which has prevailed, enabling the men  
to go through their hard course of  
training without the discomfort of ex-  
cessive heat.

dition, the 'Varsity crew weighing  
about the same as they did two weeks  
ago, when they arrived here. This is due  
in part probably to the cool weather  
which has prevailed, enabling the men  
to go through their hard course of  
training without the discomfort of ex-  
cessive heat.

Good work was done by the four-oar,  
coached by Blake, in varying the stroke  
and getting a better reach.

The freshmen eight rowed a half mile  
up stream in 2:16, the stroke being at  
32. There was a strong head wind and  
but little favoring tide, the showing  
under these conditions being about fair.

Every man at Red Top is in good con-  
dition, the 'Varsity crew weighing
